

NOTICE OF CHANGE TO ACCEPTED RECYCLING MATERIALS.

There is currently no market for Plastic Bags and other Films. The material has been baled and accumulated with tons and tons of material and nowhere to ship it to. It's not just us, it's an issue on a global scale. See the articles here.

<https://northeastnow.com/article/514353/plastic-bags-banned-recycling>

These 2 articles above are a few of many pertaining to the issue of plastic bags in recycling. Until Recycling Brokers, Mills etc are able to accept Baled Plastic Bags/Film, we sadly ask to dispose of plastic bags in the garbage. The only option left at this time is to Re-Use the bags if at all possible.

Plastic Bags are TRASH

All of these film plastics are trash*
